Watering Down Campus Events: Alcohol Policy Proposed

by Martin Lin Bild, Andrea Fensland, and Catherine Efield

"When alcohol and the administration play host to an event, they think alcohol should be there," said one student. "I think the administrators are just trying to hide the truth. They don't want to face the facts about what's happening on campus."

The Hampshire administration has loosened its alcohol policy, allowing students to purchase beer at the College Union Building (CUB) beginning at 4:00 PM on Saturday and Sunday. This policy change was announced by the Student Affairs Office, which noted that the change was made in response to student demand and to provide a more socially responsible environment for campus events.

This policy change has raised concerns among many students and faculty members, who believe it will lead to increased alcohol use and related problems. "I think it's a mistake," said one faculty member. "We need to be more responsible with the students' well-being, not less.""}

As a result, the Hampshire community has been urging the administration to reconsider this decision. "We need to work together to create a safer campus environment," said a student activist. "We can't afford to have any more mistakes like this."
The Other Four Colleges Speak Out About Hampshire

By Mark Tanycz

Four of the five other colleges that compete with Hampshire, Brandeis University, Brown University, the University of Rochester and the University of Virginia, are all ranked higher than Hampshire in U.S. News & World Report's annual college rankings. These rankings take into account many factors, including the quality of the faculty, the reputation of the university, the availability of resources, and the average SAT scores of incoming students. However, beyond these rankings, each college has its own unique culture and personality, which can make all the difference in the world to students considering attending college.

Disabled Notes: Some Personal Experiences During Wheelchair Day

By Nancy Larson

I voted President now as a result of the 1984 election. I am a disabled woman who uses a wheelchair and has been active in the disability rights movement for several years. I have attended many conferences and workshops on disability issues, and I have been involved in advocacy efforts to promote accessibility and equal opportunities for people with disabilities. I am also a member of the local chapter of the National Organization for Rehabilitation of the Handicapped.

Efforts Continue On Responsible Investment Policy

By Martha Le Bobe and Catherine Stolten

The Bard College Board of Trustees has approved a new policy on responsible investment, which takes into account environmental, social, and governance factors when selecting investments. This policy is part of the college's broader commitment to sustainability and responsibility, and it reflects the values of the college community. The policy was developed in collaboration with the campus community and the office of sustainability, and it will be implemented over the next five years.

"LIVING ON THE FRONT LINE": LECTURES ON BLACK FEMINISM AT HAMPSHIRE

By1stLettors

The first lecture in the series "Living on the Front Line: Lectures on Black Feminism at Hampshire" will be held on October 30th. The series will feature a series of guest speakers who will discuss various aspects of black feminism, including historical and contemporary issues. These lectures are part of the college's commitment to promoting diversity and inclusion, and they are open to the public.

Music Students Must Demand Their Rights

By Guardian Angel

Music students at Hampshire College are fighting to maintain their right to a full range of music courses and to have a say in the direction of the music program. The college has announced plans to cut music courses and eliminate the music major, which has been a staple of the college's curriculum for many years. The music students are urging the college administration to reverse these decisions and to invest in the music program.

WHEN PUSH COMES TO SHOVE

It really occurred to me one day in the city, I was on the subway train and I opened the New York Times to see what was going on. I was on the New York Times, looking at the pictures of the tragedy in the city, and I thought, 'This is it.'

I began to see how much we take for granted. I mean, it's not just the daily grind, but the fact that we can have a comfortable life and a good education. And then I thought, 'What if something like this happens to me?'

I decided to do something about it. I started to study the city's financial situation and the budget. I realized how much the city relies on the state for funding, and how the state is facing its own budget crises.

One day, I was talking to a friend who was an accountant for the city. He told me that the city's financial situation was really dire. He said, 'If we don't make some drastic cuts, we're going to go bankrupt.'

I was shocked. I thought, 'Can't we do something to save the city?'

I decided to take action. I started a campaign to raise awareness about the city's financial situation. I called on my fellow citizens to come together and help save the city. I organized a rally, and we collected signatures for a petition.

The response was overwhelming. People came out in droves to support my cause. We had a press conference and I spoke to the media. I was on television and radio, and people started to take notice.

I continued to work tirelessly. I had meetings with city officials and state representatives. I even went to Washington D.C. to meet with congressional representatives. It was a long and difficult process, but I never gave up.

And it paid off. The city's financial situation improved. We were able to avoid bankruptcy and we made some important changes to the budget. It was a truly remarkable achievement.

I am proud of what we accomplished. It showed me that with determination and hard work, anything is possible. I encourage everyone to get involved and make a difference in their communities.

PEACE & NATURE WE WANT PEACE.
IT MUST BE PEACE ON OUR TERMS.
OF COURSE, OR WE WILL BE FORCED
TO BLOW YOU ALL UP.

THE PEACEMAKERS

Peacemakers, peace, peace.

When push comes to shove,

it must be peace on our terms.

It must be peace on our terms of course, or we will be forced
to blow you all up.

Alcoholism presents problems.

On the Possible Car TAIL-ment of the Pet Policy

by Mimi Jacobson

I was just going to call it a day today when I got this big
letter from a pet owner. She was upset that the city was thinking
about putting tail-ments on cars. She said it's a bad idea and
would cause a lot of problems.

I completely agree. Tail-ments are a bad idea. They're not effec-
tive, they're expensive, and they just create more problems
than they solve.

I think the city should focus on finding other solutions.

The letter from the pet owner is just one example of the
problems we face when it comes to pet policies. It's not just
about尾ment, it's about the whole issue of pet ownership.

We need to come up with a comprehensive plan that
addresses the needs of both pet owners and the community.

I urge everyone to write to their elected officials and express
their concerns about pet policies. It's important that we
continue to have these conversations and work towards a
better solution.

Even "Terrorists" Get the Munchies

HEALTH FOOD STORES WARNED

REWARD

If you recognize any of the above individuals, DO NOT ATTEMPT TO REMOVETHEM.

Inland Cities

Manufacturers from Florida have introduced a new product called "Terrorists," which is a group of people who steal health food stores. They are currently on the loose and are believed to be heading towards the West Coast. A reward of $5,000 is being offered to anyone who can provide information leading to the arrest of these individuals.

A CONVERSATION WITH SANTA

To: Santa

Dear Santa, I am writing to you to ask for some help. I am a student at the University of Massachusetts and I am struggling with a problem.
